

# Expert Care & Support for Every Niagara County Family

*No one has to face  
a terminal illness alone.*

A family member shares her  
Niagara Hospice experience:

If a terminal illness is  
affecting a family's quality  
of life, anyone can call  
**716-HOSPICE** to make a  
referral or learn about  
patient and family services  
and eligibility.

An admissions nurse will respond the  
same day with a consultation.

**“** *I was at the end of my rope. My  
husband had Alzheimer's disease for  
10 years, and it was very difficult. They  
came immediately and saved my life.*

*One time there was a terrible  
snowstorm on a weekend, and the  
nurse drove through it from very far  
away to support us and check him over.  
The emotional support was a big help  
for me. They care for the family; it's not  
just the person who is dying.*

*Niagara Hospice was there for me, and  
they are there for everyone in Niagara  
County. They provide the right care at  
the right time, and you can call them  
anytime.* **”**
