

Medical Social Worker

Provide medical social work services to patients and families utilizing a variety of modalities, and in accordance with State/Federal regulations. The social worker is an integral member of the interdisciplinary team and acts as a consultant for psychosocial aspects of coping with illness. The social worker collaborates with the interdisciplinary team, patient and family to meet patient goals, enhance patient quality of life, and refer to Hospice when appropriate.

Qualifications:

- Master's degree in Social Work required
- Current NYS Driver's license
- One (1) year social work experience in hospice or a health related field.
- Experience with advance care planning and knowledge of community resources needed.
- Strong clinical skills needed in the areas of: assessment, counseling on grief/loss and lifestyle change, crisis intervention, problem resolution and coping issues, long term planning, community resource coordination/information/referrals, and in patient/family/agency advocacy.
- Working knowledge of Microsoft Office such as Word, Excel, PowerPoint, and Outlook.
- Excellent knowledge of Electronic Medical Records System.
