Roger A. Foote Camp Hope Endowment Fund created

Camp Hope is a weekend bereavement camp for children ages 7-13 with the goal of helping them cope with the recent death of someone close to them. It is offered at no charge to all grieving children in the Western New York area, whether or not their loved one ever experienced hospice care. The Circle of Hope program of Niagara Hospice will hold its 12th Camp Hope for grieving children June 29 - July 1, 2012 at the YMCA’s Camp Kenan in Barker.

The camp is staffed by professional counselors, trained volunteers and a nurse who is on hand for the entire weekend. During the camp weekend, children learn to express their grief through many activities such as yoga, karate, arts and crafts, pet visits, and a memorial bonfire. Outdoor recreation like rock wall climbing, making and eating S’mores around the campfire, swimming and nature walks are also enjoyed.

With a generous gift recently given by the family of Roger A. Foote, Niagara Hospice has created the Roger A. Foote Camp Hope Endowment. This endowment was established to provide the financial ground on which Camp Hope will continue to serve the children of tomorrow. Mr. Foote’s love of children makes this gift a fitting tribute.

For a free camp application, call the Outreach Department at (716) 280-0777 or visit www.NiagaraHospice.org for printable forms. Applications are also available on-line for men and women 21 and older who are interested in volunteering for the camp weekend – whether it’s for a few hours or for the whole weekend.

The Niagara Hospice Alliance year-end appeal letters were recently mailed and ask the community to help support Camp Hope through a gift to the endowment. A gift from you will help ensure that the camp will be there in the future for our children. For more information about the Roger A. Foote Camp Hope Endowment, contact the development office at 280-0702. For more information about Camp Hope, contact the outreach department at 280-0777.

Introducing Liberty Home Care

For over a decade, Palliative Home Care of Niagara has supplied durable medical equipment and licensed home care services to primarily hospice patients throughout Western New York. In an effort to help expand these services to more non-hospice patients, two very important initiatives have been launched.

First is the creation of Liberty Home Care as the new name and identity of the organization. This change was implemented to simplify marketing of the organization to the public, a challenge not easily overcome by the original name of Palliative Home Care of Niagara. The second initiative involves the opening of a second location that will be used as retail storefront for Liberty Home Care’s complete line of medical equipment and supplies. The new store will provide customers with a place to ask questions and try out products as...

Continued on page 10
When Bob Dylan released *The Times they are a Changin’* in 1964, it soon became a phrase that defined an entire generation. But little did he know that more than four decades later, this verse could also be used to describe today’s healthcare environment.

Despite the winds of change, we continue to provide the necessary services our families need. Undoubtedly, you will read in the future of many changes occurring at the State and Federal level. Change is good and we embrace the opportunity to help you while complying with the many new mandates on the horizon.

As the New Year approaches we recommit ourselves to making Niagara County a better place to live. For almost 25 years we have partnered with you during some of your most difficult times. We have traveled a journey with you that at times may have seemed hopeless. We have cried with you, smiled with you and most importantly—shared memories as you have invited us into your home and hearts. Theodore Roosevelt once wrote: “The best thing you can do is the right thing; the next best thing you can do is the wrong thing; the worst thing you can do is nothing.” Rest assured that we will always strive to do what’s right for you!

During this holiday season, all of us Niagara Hospice and Liberty Home Care wish you and yours a safe and joyous season.

Peace to all,

John L. Lomeo, President & CEO

Message from the CEO

Niagara Hospice and Northgate Health Care Facility establish partnership

Healthcare statistics reveal that approximately one-third of all persons entering nursing facilities die within 12 months of their admission. But despite this well established fact, hospice services among nursing home residents is much lower than in other health care environments. According to a study sponsored by the National Hospice and Palliative Care Organization (NHPCO), only 6% of nursing home residents in the U.S. currently elect the hospice benefit, even though nearly one-in-four deaths in the U.S. occur in a nursing home.

There are a number of reasons for this. The territorial nature of healthcare providers, conflicting regulations, and Medicare reimbursement all play a role in the under-utilization of hospice care in nursing facilities. But perhaps these and other challenges can be overcome with the right chemistry between two providers committed to delivering the very best to those individuals entrusted into their care.

After months of discussion and planning, Niagara Hospice and the McGuire Group’s Northgate Health Care Facility have found this synergy. Affectionately named Jeanne’s House, after a beloved Northgate employee who utilized Hospice services herself, a 22 bed unit at Northgate will be devoted to meeting the physical, emotional and spiritual needs of residents requiring both 24 hour skilled nursing care as well as the unique services that only Niagara Hospice can provide. Ms. Terry Collins, RN and Administrator at Northgate, commented that this collaboration could very well serve as a model for future relationships between nursing homes and hospices.

“Jeanne’s House is a natural extension of the culture that already exists here at Northgate,” stated Collins. “By partnering with Niagara Hospice, we have the ability to define our vision and offer one-of-a-kind services to those in our community.”

As a center of excellence for hospice care, staff on the unit will be specifically trained to meet the requirements for providing this specialized level of care. Through this collaboration the unit will be dedicated entirely to hospice patients and feature beautifully decorated private and semi-private rooms; a lounge with
Total Hospice Experience is different for everyone

Since 1988 Niagara Hospice has developed a proud history of grateful patients and family members. Our staff and volunteers often go above and beyond to learn what “comfort” means to each individual patient, and what’s most important to them now.

Many people are surprised to learn what the Total Hospice Experience (THE) entails. As an organization that always strives to improve, the Niagara Hospice of today is not the Niagara Hospice of 1988. Thanks to an amazing and committed workforce, hospice is so much more than what most people think. Many of you are familiar with the variety of services hospice provides that include nursing, social work, spiritual care, hospice aides, pharmacy, massage therapy, volunteers, and durable medical equipment (DME). But as we have grown, so has our commitment to providing individualized care to each patient.

Following are some of the things our staff and volunteers provide to patients who choose the hospice model of care:

• Comfort totes, each with a handmade quilt
• Hand crafted birthday cards and balloons
• Home makers clean the home, run errands and offer companionship
• Peace of Mind personal emergency response systems (PERS)
• Meals to Go for patients and caregivers with nutritional needs
• Spa day for Hospice homecare patients, with lunch served at Hospice House
• Ambulette transportation
• We Honor Veterans—specialized services for all our veterans
• Assist families with Advance Care Planning
• Across the Miles visits connect distant loved ones to patients utilizing Skype enabled netbooks. Through Skype, a video conference allows a patient to see and talk to an otherwise unreachable loved one.

Additionally, after a patient passes while under the care of Niagara Hospice, services do not stop for the family. Bereavement services are a crucial component of THE. In addition to grief counseling, the outreach counselors at Niagara Hospice provide a broad spectrum of services for families you may not be aware of including re-connecting broken friendships, linking people with community resources, assisting in organizing financial records and re-organizing household belongings, and helping re-distribute loved one’s belongings. Services are provided to children as well.

The Circle of Hope program, located at the Niagara Hospice Resource Center in the Ulrich City Centre in Lockport, also provides community outreach and grief support to Niagara County residents of all ages, whether or not they ever experienced hospice care.

THE is ever-changing. As we identify the needs and wants of those we serve, we will do our best to meet them.

Gifts to Hospice

Niagara Hospice’s gift program gives donors the opportunity to make a difference in the lives of Hospice patients and their families.

These gifts help ensure that hospice services will continue to be available to those individuals and families facing life’s final journey. Niagara Hospice is grateful for all the gifts it receives and the generosity of our community. However, space limitations permit single listings of donations of $50 or more per donor.

We extend our sincere condolences to family and friends of those memorialized. If there is an error or omission, please call Niagara Hospice at (716) 439-4417.

The Voyager 9
2011 Lomeo Family Golf Classic success!
The 2011 Lomeo Family Golf Classic, benefiting Niagara Hospice, was a huge success – raising over $25,000. First place “scramble” golf winners were Joe Griffo, Don Irving, Adam Haas and Justin Danat from Premcom. Richard Elia from Sevenson won the first place individual men’s award and Donna Rossitto was awarded the women’s first place individual award.

Tony Sammarco and Nick Ligammari won senior golf awards while youth awards went to John, Vinny, and Joey Lomeo. Andrea Sammarco was awarded with the most honest golfer award. Congratulations to everyone and to all the generous sponsors.

The Eternal Brothers Motorcycle Club hosted the 2nd Annual Elizabeth Bondi Memorial Bike Run in support of the programs and services of Niagara Hospice. All the brothers worked extremely hard and it paid off - doubling their earnings with a $4,000 donation to Niagara Hospice. Pictured from left are founding member of the Eternal Brothers Joseph Heeney, Patrick Bondi, President, Thomas Bilson, Treasurer, Janet Ligammari, Director of Clinical Services at Niagara Hospice, William Ferro, Chris Bondi, Vice President, Dan Rinker, Sgt. at Arms, Michael Andula, RD Captain, and Scott Rossi, Sgt. at Arms.

Stacy’s Voice, a non-profit organization formed in loving memory of Stacy Micoli Daniels, held their 2nd annual pig roast with proceeds benefitting Niagara Hospice and Roswell Park Cancer Institute. Pictured at left is Stacey’s mom, Dr. Elizabeth Micoli as she presents a $5,000 donation to Niagara Hospice Development Coordinator, Thomas LaChiusa.

well as purchase medical equipment and supplies. The store will be located at 3287 Niagara Falls Blvd. in Wheatfield (near Nash Rd.) and is scheduled to open soon. More information, including grand opening specials, will be available in the near future. For more information about Liberty Home Care, call 215-2085.

access to an enclosed outdoor courtyard; comfort areas for family and other visitors; volunteer companions; specialized therapies such as massage, music and pet visits; advance care planning and bereavement services for family members of the residents.

Renovations to the unit, located at 7264 Nash Road in North Tonawanda, are expected to be completed in early 2012 at which time the community will be invited to a Grand Opening.
Bouquet of Love was held last summer in remembrance of Kathy Waite who lost her 11 year battle with breast cancer. Her friends and family raised nearly $6,700 at the event complete with prize raffles, a basket auction, and a great barbeque dinner to benefit Niagara Hospice. “We thank Niagara Hospice for their service to the community and for being there to help, any hour of any day,” said long-time friend of Kathy, Donna Berczynski. Pictured from left are Kathy’s nurse from Niagara Hospice, Judith Johnson, RN, and Kathy’s family – Emily Claude and Cheryl Bridges.

Viatran Corporation, a Dynisco company based out of Wheatfield, NY hosted a Chiavetta’s Barbeque in support of the programs and services of Niagara Hospice. With the support of the community and their vendors, employees raised a staggering total of over $5,000 that was donated to Niagara Hospice. Pictured from left are Viatran employees Diane Kankiewicz and Candy Grabowski presenting a check to Niagara Hospice Alliance Development Coordinator, Thomas LaChiusa.

The Milherst Construction Charity Golf Classic was held last summer in support of Niagara Hospice. Held at Arrowhead Golf Club in Akron in remembrance of Cindy O’Day, the tournament raised $7,600. Jim Collins, Jr. of Milherst Construction, Inc. (pictured at left) presents a donation to Niagara Hospice President & CEO, John Lomeo.

Thank you, Hospice Heroes!

Hospice Heroes are special every day heroes that give of themselves in the form of an event or activity to raise both funds and awareness for Niagara Hospice. Niagara Hospice thanks the following community groups, organizations and individuals that have shown their support of the hospice mission:

The Voyager is going GREEN!

Many Americans are embracing a greener lifestyle that can not only help preserve equatorial rain forests – it can also mean improving your health, padding your bank account, and ultimately improving your overall quality of life. The Hospice and Palliative Care Group has made the decision to take The Voyager digital, recognizing that doing a little something, is better than doing nothing, and that a little something can have a big impact when many of us do it.

Consider the following information that may help inspire you to go green with at least one small action:

• Each American generates between 5 to 7 pounds of waste per day; over a ton per year; and over 175,000 lbs. in a lifetime.
• Although the U.S. makes up 5% of the world’s population, we produce over 40% of the world’s garbage – more than any other country.
• The rain forest is being cut down at 100 acres per minute.
• Recycling one ton of paper saves between 15-17 trees, 7,000 gallons of water, and nearly half-a-year’s worth of electricity for the average household in the United States.
• Nearly 1 billion trees worth of paper are thrown away every year in the United States.

Available from the Resources page of our website at www.NiagaraHospice.org, The Voyager will soon have the benefit of full color while becoming less costly – and saving trees! It is our hope that you visit the website often for news and updates, or sign up for an e-mail version of The Voyager.

If you would like to receive future issues of The Voyager newsletter, please complete and send this form to:
